OUR WEEK IN PICTURES!

CHAPEL TIME.

Chapel time this week was led by Tr. Julie.

She taught us from the book of John chapter 15, which talks about how we are the branches and God is the vine. We must remain in Jesus to be able to grow. She also asked a question that can be answered by all us, "Do you want Jesus or do you want the results of Jesus". In other words do you want faith or do you want the results of having faith. Knowing and trusting God is the only way to grow in your faith and understandings in this life. We encourage you in your journey in life to always put Jesus first and to remain in him; everything else will follow.

"It went off with a splash"

**HAPPY FACES FROM OUR KISOMBWA
COMMUNITY, KAYUNGA DISTRICT !**

We would also like to bring the gratitude of vulnerable children from Kisombwa community, Kayunga District who are supported by your bringing children to Grace Project International School. These happy faces are children who have been able to stay in school this term because of you! They are forever indebted to you and they send their love and gratitude. "God bless and increase you for us!"

.....

Thank

You

It means so much!!

This week in class...

The children this week focused on academics, and finishing up this month's theme; and projects.

Step 1 and 2 have been practicing their theme song "We are the day band", which they had marched to the song while playing instruments.

SEE YOU

Next week!!
